About

Centennial Hockey Club was founded by a group of high-school friends that couldn't find any league to play recreational hockey. The league just started with a bunch of friends playing on their free time but has grown to a full league that runs games and events on a weekly basis. The league incorporates the importance of teamwork, having fun and allowing for different genders, ages and races to play in a welcoming environment.

Mission

The mission of Centennial Hockey Club is to provide individuals with like inclination to the game of hockey. With pricing of regular hockey rinks and equipment a lot of individuals want to play the game but can because of cost. Our organization has created a place for a cheap and safe area for all people to join. Focusing on growing the community while still enjoying the game we love.

Vision

The vision for Centennial Hockey club started back in 2015 with a group of friends wanted to join a hockey club but got discouraged by the high prices. Creating the new hockey club, the first in Brampton, running for 10 years the club sees over 5 teams join every year with multiple games happening every weekend. Events accompany games with vendor stalls, family activities and more. Further expansions to have multiple leagues and more competition is expected in the following years.
